France

UDOU course - PROGRAM

June 13th to 15th 2019

Faculty:

Dr Andrea Necchi

Dr Laurence Albiges

Pr Christophe Hennequin

Pr Bertrand Tombal

Pr Morgan Roupret

Pr Alexandre de la Taille

Scientific Committee:

Pr Morgan Roupret

Pr Alexandre de la Taille

Thursday, June 13th, 2019	
12pm	Sponsor Registration - Banner set-up - LIGHT LUNCH
1pm	Participant and Speaker Registration
1:30pm	WELCOME - INTRODUCTION
	How to explore Pubmed and online databases <i>Dr Erwan Floch</i>
2pm - 6:30pm 4pm: coffee break	Bladder session/UTUC/RCC <i>part 1</i>
Friday, June 14th, 2019	
8am - 12:30pm 10am: coffee break	Bladder session/UTUC/RCC <i>part 2</i>
	LUNCH
2pm - 6:30pm 4pm: coffee break	Prostate session <i>part 1</i>
8:30 pm	DINNER
Saturday, June 15th, 2019	
8am - 12:30pm 10am: coffee break	Prostate session <i>part 2</i>
12:30pm	CONCLUSION CLOSURE - LIGHT LUNCH

UDOU course
June 13th to 15th 2019

Bladder session/UTUC/RCC Part 1 (4 hours)

Non Muscle Invasive Bladder Cancer (1h) *Pr M. Roupret*
 - Adjuvant treatment in NMIBC according to risk stratification
 - Role for urinary marker and perspectives
 - Immunotherapy in NMIBC

Muscle Invasive Bladder Cancer (1h) *Dr A. Necchi*
 - Chemotherapy for locally advanced Muscle Invasive Bladder
 - Peri operative immunotherapy in NMIBC (Pr M. Roupret)

BREAK

Muscle Invasive Bladder Cancer
 - Outcomes after chemo radiotherapy (30min) *Pr C. Hennequin*
 - A role for PDL1-PD1 therapy in MIBC? (15min) *Dr A. Necchi*

Metastatic Bladder Cancer (30min) *Dr A. Necchi*
 - Systemic management of metastatic Bladder Cancer: chemotherapy or immunotherapy ?

Clinical cases discussion (45min) *Dr A. Necchi / Pr M. Roupret*

Bladder session/UTUC/RCC Part 2 (4 hours)

RCC
 - Organ sparing surgery: feasible in all cases? (20min) *Pr M. Roupret*
 - Is there a role for radiotherapy in RCC (20min) *Dr A. Bossi*
 - First line treatment in metastatic kidney cancers: (80min) *Dr L. Albiges*
 which come first in 2019? Immunotherapy & antio
 angiogenic treatment options

BREAK

RCC
 - Second line treatment in mRCC : (60min) *Dr L. Albiges*
 what are the options ?
 - Clinical cases discussion (15min) *Dr L. Albiges / Dr A. Necchi*

UTUC (45min) *Pr M. Roupret*
 - Current scientific guidelines
 - UTUC & bladder cancer: disparate twins
 - PPOUT trial and rational for peri operative chemotherapy in UTUC
 - Immunotherapy in UTUC

UDOU course
June 13th to 15th 2017

Prostate session part 1

(4 hours)

Localized Prostate Cancer

- | | | |
|---------------------------------------|---------|---------------------------|
| - Prostate biopsies and MRI | (15min) | <i>Pr A. de la Taille</i> |
| - How do I do Active Surveillance? | (15min) | <i>Pr A. de la Taille</i> |
| - Focal Therapies: is it reliable? | (15min) | <i>Pr A. de la Taille</i> |
| - Surgery: approaches and results | (15min) | <i>Pr A. de la Taille</i> |
| - Radiation therapies: best protocol? | (15min) | <i>Pr C. Hennequin</i> |

Locally advanced

- | | | |
|--|---------|------------------------|
| - Radiooncologist point of view: how to do it? | (45min) | <i>Pr C. Hennequin</i> |
|--|---------|------------------------|

BREAK

Locally advanced

- | | | |
|--|--------|---------------------------|
| - Surgeon point of view: how to do it? | (1h00) | <i>Pr A. de la Taille</i> |
| - Multimodal treatment: for who and how? | | |
| - Guidelines | | |

Clinical cases

(1h00) *Pr C. Hennequin*

Prostate session part 2

(4 hours)

Hormone Naïve Metastatic Prostate cancer

- | | | |
|---|---------|---------------------|
| - Chemo for all? | (90min) | <i>Pr B. Tombal</i> |
| - Place of surgery and radiation therapy? | | |
| - How do I treat an oligo met patient? | | |

BREAK

Castration resistant Non Met & Metastatic Prostate cancer

- | | | |
|--|---------|---------------------|
| - Definition and standard in 2019 | (90min) | <i>Pr B. Tombal</i> |
| - How do I treat a non met patient as a met patient? | | |
| - What strategy and therapeutic sequence for Met PCa | | |
| - What do I deal with supportive care, bisphosphonate and therapeutic sides effects? | | |

Clinical cases

(60min) *Pr B. Tombal / Pr C. Hennequin*
