5th edition UDOU course
September 23 - 24 - 25, 2021

Course details

Objectives of the UDOU Course:

The course is designed for urologists / oncologists and radiation therapist who have a working knowledge of onco-urology drugs and treatment techniques and seek to enhance their abilities to treat only patients with urological cancer such as kidney, prostate and bladder neoplasms. The course will use the principles of current guidelines and apply them to the last trials and most important data released in the literature to update treatment strategies. The focus will be improving oncological knowledge to achieve optimal clinical outcomes.

Scientific Committee :

Pr Morgan Roupret, Urologist - France

Pr Alexandre de la Taille, Urologist - France

Faculty :

Pr Morgan Roupret, Urologist - France

Pr Alexandre de la Taille, Urologist - France

Pr Bertrand Tombal, Urologist - Belgium

Dr Laurence Albiges-Sauvin, Medical Oncologist - France
